

**LEGEND**

- MAGNETIC SURVEY**
- Magnetic High Trend
    - X--- Questionable Continuity
    - X--- Definite Continuity
  - Magnetic Low Trend
    - X--- Questionable Continuity
    - X--- Definite Continuity
  - Magnetic Body Outline
    - Positive Anomaly
    - Negative Anomaly
    - MD-01
    - MD-02 Magnetic Domain Boundary
  - VLF-EM SURVEY**
    - Conductor Axis
      - X--- Questionable Continuity
      - X--- Definite Continuity
      - Wide Conductor
    - Conductor Quality
      - Low Conductance (Probable Ionic Source)
      - Moderate Conductance (Possible Metallic Source)
      - High Conductance (Probable Metallic Source)
      - With Magnetic Correlation
    - Quantitative Interpretation
      - Conductance (Siemens)
      - Depth to top (meters)
    - Miscellaneous Symbols
      - Observed Fault / Shear
      - Geophysically Inferred Fault / Shear

**Silver Spruce Resources Inc.**  
 Popes Hill Property  
 South Central Labrador, Canada

**Geophysical Interpretation**

Interpreted by: T. Loader, P.Geo. 2011/02  
 Surveyed by: Abitibi Geophysics Inc. 2010/12  
 Approved by: P. Bérubé, Eng. 2011/02  
 Reference maps: 13F/03-04 Scale 1:5000  
 Project no: 10N107 Map no: 10.0
